

To Our Customers

Going Green Labs is changing our business name and moving to a new location in order to better serve the needs of our customer base.

Our new name is now Spartan Analytics as of March 1st 2016.

During this transition period please note that any compliance testing performed by Going Green Labs (dated from January 1, 2016 to March 1, 2016) will still be considered valid and can be used for your compliance requirements. As of March 1 2016. we will be performing tests under the new name of Spartan Analytics.

As we move to our new location and rebrand our company please be assured that we will still provide the great customer service and support you have come to expect. Our testing standards and methodologies will remain consistent and will still provide accurate results for both OHA and OLCC testing regulations.

Please note that our new address is:

Spartan Analytics
11779 SE Hwy 212, Unit 206
Clackamas, OR 97015

We appreciate your patience during this transition. For more information or if you have any questions, please call us at 971-256-1271 or visit us online at SpartanAnalytics.com

Thank You

Elias J. Anderson
President
